

Top-rated roofers

Puget Sound Consumers' Checkbook asked area consumers to rate their experiences with roofers. From the magazine's list of 43 local businesses, we chose the top 5 in King County — those named by at least 25 customers to have an overall quality performance of 78 percent or better. Customer ratings are subjective, however, so your experience may conflict with the ratings given.

	Percent of customers rating firm "superior" for:							No. of complaints to Attorney General	Top-rated for quality?
	No. of Ratings	Does work properly the first time	Starts, completes work promptly	Explains costs early	Neatness of work	Advice on service options, costs	Overall performance
